EXPERIENCE

Hippo cloud technologies

Django intern

Nov 2023 - March 2024

Worked on building web applications using Django framework. Gained hands-on experience with models, views, templates, and REST APIs. Improved skills in backend development, database handling, and deploying Django apps.

Techno Hack solutions

UI & ux

Product team to prototype, design and deliver the UI and UX experience with a lean design process: research, design, test, and iterate.
